FROM THE TRAINER

Building a Budget: Learn how to track your income and expenses, create a realistic spending plan, and achieve your financial goals.

Understanding Debt: Demystify different types of debt, explore strategies for managing it effectively, and build a debt repayment plan.

Saving and Investing Basics: Discover the power of saving, explore different savings vehicles, and learn the fundamentals of investing for the long term.

Building Credit: Understand how credit scores work, develop healthy credit habits, and improve your creditworthiness.

Financial Planning: Learn to set realistic financial goals, create a plan to achieve them, and navigate unexpected financial situations.

Remember, taking charge of your finances can be empowering! This course will equip you with the knowledge and tools to make informed financial decisions. I encourage you to actively participate, ask questions, and share your experiences.
